Deltacid

Very powerful disincrusting and descaling product

- Acts rapidly
- Strong descaling properties
- Without coloring, fragrance-free
- Non allergenic
- Without VOCs (Volatile Organic Compounds)

Product information:

Deltacid

sharing our passion

Very powerful disinfecting and descaling product

DESCRIPTION

Very powerful disinfecting/descaling product for the elimination of slurry and mineral deposits from sanitary facility floors and walls. Food contact approved.

USE

- Punctual descaling of surfaces (stainless steel, plastic, enamel): dosage 5% (1L / 20L).
- Removal of grout haze on newly placed tiles: dosage 10% (1L/10L).
- Removing stains caused by aggressive products (wine, fruit juice, soda, ...) on tiles: dosage 5% (1L/20L).
- Used for mechanical cleaning of floors (single disc machine or scrubber-dryer) or manually on walls and countertops, dosage 2,5% (1L / 40L). A neutralization procedure is obligatory after every floor application:
 1. Desincrustation with Deltacid.
 2. Neutralization with Delta 10%, during 5 minutes.
 3. Protection with Linpol Green 10%. Let the solution dry.

DOSAGE

- 10% (1L/10L) in the event of finalisation of recently fitted tiling.
- 5% (1L/20L) for periodic reconditioning (disincrustation - large descaling).
- 2,5% (1L/40L) for regular maintenance (stainless steel and aluminum).

TECHNICAL CHARACTERISTICS

- Color: colorless
- Pure pH: < 1
- Do not apply to sensitive materials (taps, etc) and limestone supports (slate, concrete, and so on).

STORAGE

Keep the product in its original closed packaging. Protect against freezing temperatures.

ECOLOGICAL INFORMATION

- Biodegradable product (CE 648/2004)
- Packaging 100% recyclable
