

**BIOSOLV 2**  
**Orange Oil Solvent Base Degreaser Solvent**

**DESCRIPTION**

BIOSOLV 2 is a liquid degreaser made with natural solvents. It contains an orange oil solvent and an odourless solvent. BIOSOLV 2 has been specially formulated to dissolve easily: grease, pitch, heavy oil, asphalt, tar, urethane, coal tar, mastic, inks, paints, resin, creosote or all other kinds of heavy dirt, on concrete surfaces. It can also be used as engine shampoo.

**ADVANTAGES**

1. 100% active product doesn't contain water.
2. Contains special additives and corrosion inhibitor to protect clean metal surfaces.
3. Very effective emulsifier for grease, turning white to ease the rinsing.
4. Non-corrosive
5. Best product to control bad odours and to clean viscous deposits.
6. Easily split oil and water (fast break emulsion).

**TECHNICAL DATA**

pH (as is).....	6.5 - 7.0
Density (20°C).....	0.82 - 0.86 g/cc
Colour.....	Yellow
Fragrance .....	Discrete citrus
Characteristic .....	Flammable
Biodegradability .....	Complete
Flash Point.....	53°C
Freezing Stability.....	Stable

Degradability determined in accordance with OECD no. 301D.

**DIRECTIONS**

**General Cleaning:** Apply BIOSOLV 2 on the surface to clean and let the solution work a few minutes. Rinse with cold or hot water. For concrete surfaces, use BIOSOLV 2 (pure) and brush the floor in order to make penetrate the product. Let work the product a few minutes and rinse with cold or hot water.

**Engine Shampoo:** Apply BIOSOLV 2 on the motor surface; it is preferable that the motor is hot in order to add efficiency to BIOSOLV 2. Wait a few minutes and rinse with cold or hot water to remove grease.
