

SEPTO SAN

One-step cleaning and disinfecting bamboo wipe

D.I.N. : 02548836

Alkyl dimethyl ethylbenzyl ammonium chloride.....0.105% w/w
Benzalkonium chloride 0.105% w/w

DESCRIPTION

SEPTO SAN is a broad-spectrum disinfectant recommended for use on hard surfaces in hospitals, nursing homes, schools, colleges, animal housing, veterinary clinics, farms, hotels, dentists and emergency vehicles (ambulances, police, hospital transport). Unlike oxidizing wipes (peroxides and bleach), **SEPTO SAN** can be used safely on a wide range of surfaces (floors, walls, tables, work desks, beauty salon tools (hairdressing), stainless steel, copper, brass, PVC, elastomer masks and many other surfaces. Made of bamboo, which offers antibacterial and antifungal properties, as well as being biodegradable and compostable.

ADVANTAGES

1. **SEPTO SAN** is a broad-spectrum disinfectant that eliminates a large range of bacteria, enveloped and non-enveloped viruses and germs with very short contact times, unlike other disinfectants.
2. **SEPTO SAN** contains no oxidizing agents such as hydrogen peroxide or bleach, which can damage metal surfaces. It also leaves an active residual film on the surface.
3. **SEPTO SAN** eliminates the risk of cross-contamination on surfaces.
4. **SEPTO SAN** is made from 100% bamboo, which is highly resistant, biodegradable, compostable and easily eliminates bacteria.
5. **SEPTO SAN** kills small non-enveloped viruses that are very difficult to kill, including **Canine Parvovirus and Poliovirus type**
6. **SEPTO SAN** eliminates mold proliferation.
7. **SEPTO SAN** is ideal for veterinary clinics and hospitals.
8. **SEPTO SAN** is an easy one-step cleaner, disinfectant and deodorizer.
9. **SEPTO SAN** is a powerful tuberculocide, making it ideal for disinfecting masks.

TECHNICAL DATA

pH (as is)..... 11.5 – 12.5
 Specific Gravity (20°C)..... 1.01 – 1.02
 Color..... Colorless
 Odor..... Versions: Spring fragrance or odorless
 Interesting facts..... Tuberculocidal and broad-spectrum disinfectant
 Biodegradability and compostable*..... Complete
 Freeze/thaw stability Keep from freezing

- * Wipes are made of bamboo which is biodegradable and compostable.
- * Container is made in HDPE and is recyclable only.
